Disclaimer: This sample ICD-10 superbill is designed to assist otolaryngology practices in quickly completing and submitting procedure(s) and diagnosis(s) codes from a patient visit for reimbursement. It is generally customized for an otolaryngology office and contains fields for patient information, the most common CPT (procedure) and ICD-10-CM (diagnostic) codes used by Otolaryngologists. Members should note that this superbill is designed solely as an exercise in demonstrating the process of transitioning to the new ICD-10-CM coding system, and does not represent an endorsement by the Academy of the use of superbills or this particular superbill format.
