**AMERICAN ACADEMY OF
OTOLARYNGOLOGY-
HEAD AND NECK SURGERY**

**Board of Governors (BOG):
Legislative Representative**

HISTORY & BACKGROUND OF THE BOG

The BOG was established in 1982 as a grassroots Member network within the AAO-HNS. The BOG is made up of local, state, national, and specialty otolaryngology-head and neck surgery societies. The BOG functions as a grassroots advisory body to the AAO-HNS/F Boards of Directors (BOD) in order to:

- Act as an avenue of communication between the BOD, AAO-HNS membership (U.S.), and the local, state, regional, and national otolaryngology-head and neck surgery organizations;
- Make recommendations regarding the programs and policies of the AAO-HNS;
- Seek out and involve practitioners of otolaryngology-head and neck surgery in academic, social, economic, and political issues relative to the specialty;
- Strengthen the AAO-HNS and otolaryngology societies; and
- Support the general good of patients, the specialty, and the medical profession.

REPRESENTATION IN THE BOG

Each affiliated BOG society has three (3) designated positions to the BOG – Governor, Legislative Representative, and Socioeconomic & Grassroots (SEGR) Representative. The Governor is the designated individual permitted to vote on behalf of their respective society on matters before the BOG. In the event that the Governor is not in attendance at a meeting of the BOG (spring or fall), an Alternate Governor (Legislative Representative or SEGR Rep) can vote on the Governor’s behalf.

DUTIES OF BOG REPRESENTATIVES

BOG member society representatives are expected to serve as the bridge between the individual society and the AAO-HNS. In their liaison role, these individuals are primarily responsible for communicating and coordinating information and requests to/from BOG leaders and society members.

The BOG Governors/Alternate Governors are expected to attend the BOG General Assembly during the Leadership Forum & BOG Spring Meeting and the fall Annual Meeting. In addition, the Representatives are invited to attend their respective BOG committee meetings during the spring and fall meetings.

SUMMARY OF ROLE: LEGISLATIVE REPRESENTATIVE

The BOG Legislative Representative is a role assigned in every local, state, national, and specialty society recognized by the BOG. The Legislative Representative will be the primary conduit for updating the member society of BOG initiatives relating to legislative and political matters. Legislative Representatives will also report to the BOG and its Legislative Affairs Committee key legislative issues impacting their society.
