Reg-ent: MIPS Reporting Tool

REG-ENT IS THE MIPS REPORTING TOOL OF CHOICE FOR OTOLARYNGOLOGISTS

Reg-ent™
ENT CLINICAL DATA REGISTRY
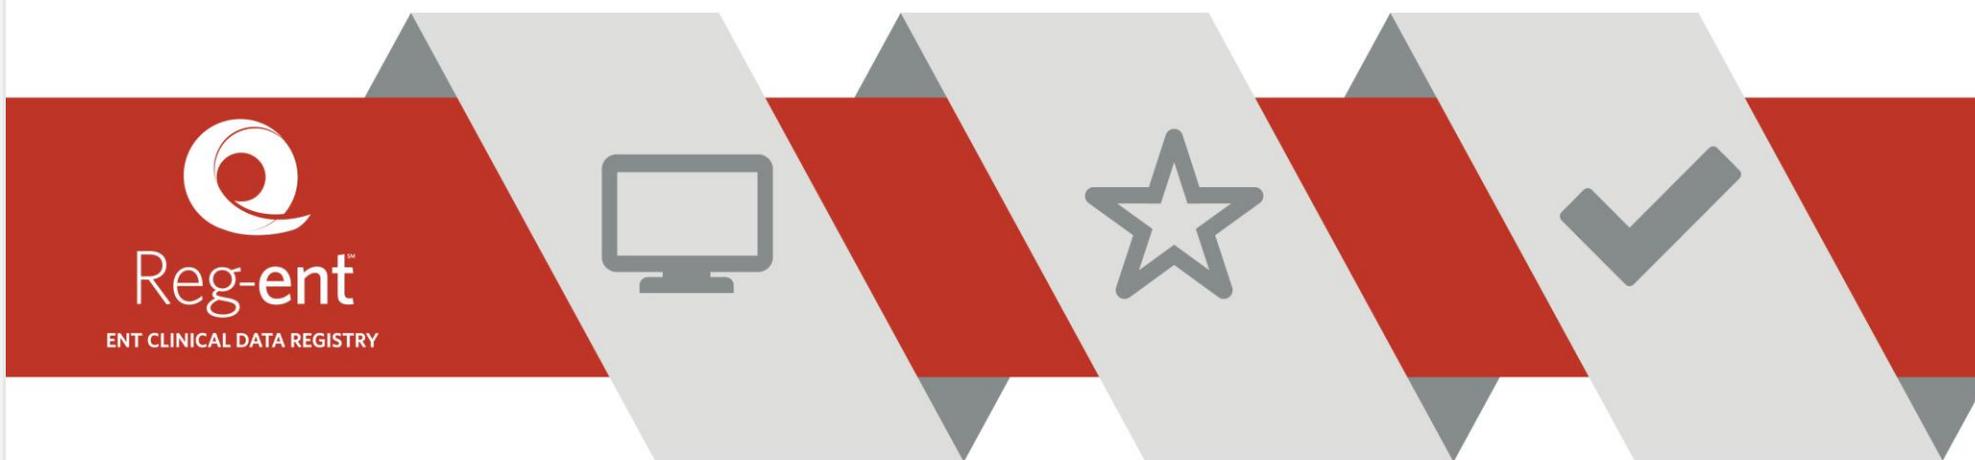

Promoting Interoperability

Quality Performance

Improvement Activities

Intro to MIPS 2019 Year 3 of CMS program

- Requirements outlined in QPP Year 3 Final Rule

- Performance period: January 1, 2019 – December 31, 2019

- Performance Categories *(and % of total MIPS score)*:
    - Quality *(45%)*
    - Promoting Interoperability (PI) *(25%)*
    - Improvement Activities (IA) *(15%)*
    - Cost *(15%)*
        - *Evaluated and calculated directly by CMS / not reported through Reg-ent*

MIPS 2019 Eligibility

- Check/recheck eligibility: QPP Lookup Tool
- Questions? Visit How MIPS Eligibility is Determined
- Eligible Clinician Types
  - New for 2019: audiologists and speech language pathologists
- Low Volume Threshold
- Reporting options:
  - Individual Reporting vs. Group Reporting
  - New for 2019: Opt-in

AMERICAN ACADEMY OF
OTOLARYNGOLOGY–
HEAD AND NECK SURGERY
FOUNDATION

THE GLOBAL LEADER IN OPTIMIZING QUALITY EAR, NOSE, AND THROAT PATIENT CARE   www.entnet.org

Performance Threshold & Payment Adjustments

- Performance Threshold is set at **30 points**
  - *Increased from 15 points for MIPS 2018*
  - Additional performance threshold set at 75 points for exceptional performance
- Payment Adjustments *(applied in 2021)*
  - 30 points = neutral / no payment adjustment
  - The maximum negative payment adjustment is -7%
  - A positive payment adjustment generally can be up to 7%
    - *The upward payment adjustment factor is multiplied by a scaling factor to achieve budget neutrality, which could result in an adjustment above or below 7%*

AMERICAN ACADEMY OF
OTOLARYNGOLOGY–
HEAD AND NECK SURGERY

F O U N D A T I O N

Small Practice Flexibilities & Options

- CMS definition = 15 or fewer clinicians
- Small practice bonus
  - Increased to 6 points
  - Included in Quality performance category (versus standalone bonus)
- Quality scoring
  - 3 points for measures that don't meet data completeness requirements *(versus 1 point)*
- Promoting Interoperability (PI)
  - Ability to apply for a PI Hardship Exception (reweighting to 0) – deadline is 12/31/19
- Improvement Activities (IA) scoring
  - 40 points for high-weighted, 20 points or medium-weighted *(versus 20 and 10, respectively)*

Reg-ent Quality Measures

- 67 total measures available in Reg-ent for MIPS 2019

- 22 QCDR otolaryngology-specific measures exclusively in Reg-ent
  - **NOT AVAILABLE** to practices using the web tool / manually entering patient data for the Quality performance category

- 45 publicly-available QPP measures
  - Includes otolaryngology-specific topics as well as general topics
  - AVAILABLE in web tool

- Measure availability changes occur between reporting years
  - Review the measures available in Reg-ent for MIPS 2019 reporting: https://www.entnet.org/reg-ent-2019-quality-measures

AMERICAN ACADEMY OF OTOLARYNGOLOGY– HEAD AND NECK SURGERY

F O U N D A T I O N

THE GLOBAL LEADER IN OPTIMIZING QUALITY EAR, NOSE, AND THROAT PATIENT CARE www.entnet.org

Quality Performance Category

- 45% of final MIPS score
- 60 points available (60/60→ 45%)
- Requirements:
  - Full 12-month performance period
  - Six (6) measures
    - Include one **outcome measure**; if no applicable outcome measure, submit a high priority measure
  - Data completeness:
    - For each measure, submit at least **60% of eligible patients *from all payers***
    - For each measures, submit a **minimum of 20 patient cases**

AMERICAN ACADEMY OF
OTOLARYNGOLOGY–
HEAD AND NECK SURGERY

F O U N D A T I O N

Promoting Interoperability (PI) Performance Category

- 25% of final MIPS score
- 100 points available (100/100→ 25%)
- Requirements:
  - Any continuous 90-day performance period
  - **New for 2019:** Use of 2015 Edition Certified EHR Technology (CEHRT)
  - **New for 2019:** Single set of measures and objectives, align with 2015 Edition CEHRT
    - 4 objectives:
      - Electronic Prescribing
      - Health Information Exchange
      - Provider to Patient Exchange
      - Public Health and Clinical Data Exchange
    - Unless exclusion claimed must submit measures for each of the four objectives

PI Attestations, Exclusions & Bonuses

- In addition to submitting measures, clinicians **must submit a "yes"** to:
  - The Prevention of Information Blocking Attestation
  - The ONC Direct Review Attestation
  - The Security Risk Analysis measure

- **Exclusions available** for some measures / objectives:
  - Clinical Data Registry Reporting
  - e-Prescribing
  - Electronic Case Reporting
  - Immunization Registry Reporting
  - Public Health Registry Reporting
  - Support Electronic Referral Loops By Receiving and Incorporating Health Information
  - Syndromic Surveillance Reporting

- 5 **bonus points** each for the submission of these **optional measures**:
  - Query of Prescription Drug Monitoring (PDMP)
  - Verify Opioid Treatment Agreement

AMERICAN ACADEMY OF OTOLARYNGOLOGY– HEAD AND NECK SURGERY

F O U N D A T I O N

PI Hardship Exception

- If your practice's EHR is not 2015 CEHRT, you may qualify for a PI Hardship Exception, if one or more the qualifications listed here applies:
  - Your EHR is considered "decertified" EHR technology
  - You're a small practice
  - You have insufficient Internet connectivity
  - You face extreme and uncontrollable circumstances such as disaster, practice closure, severe financial distress or vendor issues
  - You lack control over the availability of CEHRT

- PI Hardship Exception Applications **due by December 31, 2019**

- *Lack of CEHRT does not constitute for an exception*

- If you are approved for an exemption by CMS, the 25% weighted score will move under Quality, bumping the total weight for Quality to 75%

AMERICAN ACADEMY OF
OTOLARYNGOLOGY–
HEAD AND NECK SURGERY
FOUNDATION

THE GLOBAL LEADER IN OPTIMIZING QUALITY EAR, NOSE, AND THROAT PATIENT CARE www.entnet.org

Extreme and Uncontrollable Circumstances Exception

- Extreme and uncontrollable circumstances are defined as rare events entirely outside of your control and the control of the facility in which you practice.
    - These circumstances would cause you to either be:
    - Unable to collect information necessary to submit for a performance category, or;
    - Unable to submit information that would be used to score a performance category for an extended period of time (for example, if you were unable to collect data for the Quality performance category for 3 months).

- Link to application: https://cmsqualitysupport.service now.com/nav_to.do?uri=%2Fcom.glideapp.servicecatalog_cat_item_view. do%3Fv%3D1%26sysparm_id%3D1b90b058db03670092d5365e7c96192 5

Improvement Activities (IA) Performance Category

- 15% of final MIPS score

- 40 points available (40/40→ 15%)
  - Points per activity dependent on practice size:
    - Large practice: High-weighted = 20 points, medium-weighted = 10 points
    - Small practice: High-weighted = 40 points, medium-weighted = 20 points

- Requirements:
  - Any continuous 90-day performance period
  - Submit one or more improvement activities, any combination, to obtain 40 points

- 54 Registry Favorites
  - Includes QCDR participation-related activities

Additional Information

- Quality category
  - Data provided through EHR integration - *OR* - through manual entry and attestation
    - Web tool practices required to enter Eligible Population (EP) and EP Exclusions for each measure submitted

- PI and IA categories
  - Involve *limited* manual entry and attestation

- Potential for audits by:
  - Reg-ent, as required by CMS of all QCDRs and QRs
  - CMS, directly

Accessing the MIPS 2019 Module

Once you complete the steps from the prior slide, you will now have access to your Quality Performance Dashboard.

To access the MIPS Dashboard click the icon on the left side of the page.

AMERICAN ACADEMY OF OTOLARYNGOLOGY– HEAD AND NECK SURGERY

FOUNDATION

Getting Started with the MIPS Module

Select an appropriate reporting option to get started

Practice: 512420 - Test live practice 792018 ⌄   Performance Year: 2019 ⌄

Individual Reporting

An individual is defined as a single clinician identified by their

- Individual National Provider Identifier (NPI)
- Tied to a single Taxpayer Identification Number (TIN).

Group Reporting

A group is defined as a single TIN with 2 or more clinicians (of which at least one clinician within the group must be MIPS eligible) as identified by their NPI, who have reassigned their Medicare billing rights to a single TIN.

If you have Individual Clinician access: You will have access to the Individual Reporting option whether you are in Reg-ent alone or with other clinicians.

If you are in a practice of more than two clinicians and want to benefit from Group Reporting, one individual will need Practice Admin credentials to report on behalf of the practice.

When you click on the Individual Reporting or Group Reporting tile, you'll be taken to the applicable reporting landing page...

AMERICAN ACADEMY OF OTOLARYNGOLOGY-HEAD AND NECK SURGERY

F O U N D A T I O N

THE GLOBAL LEADER IN OPTIMIZING QUALITY EAR, NOSE, AND THROAT PATIENT CARE www.entnet.org

Individual Reporting Landing Page

When you click on the Individual Reporting tile, you'll be taken to the Individual Reporting landing page to provide, review and validate the required clinician and/or practice information, including:

- Practice TIN
- Clinician NPI(s)
- MIPS eligibility
- Settings, which includes questions on your CEHRT edition, practice setting, clinician type, etc., that impact your scoring and your exclusions as applied by CMS.

Settings Questions

This section will be important for the Promoting Interoperability category. The first step in this section is to enter your CEHRT ID. If you do not know your CEHRT, click the link above the text box.

Answer the following questions accurately, to the best of your knowledge.

Settings :   TIN : 111111110   ⊗

Disclaimer: Responses provided below are applied to your selected group. Re-weighting may occur for all categories based on your selection. Score provided in the dashboard is an estimate and should not be considered as final.

CEHRT ID Validation ⓘ
Please provide a valid 2015 CEHRT ID in order to:

    a. Report for the PI category of MIPS.
    b. Be eligible to receive the end-to-end reporting bonus in Quality category (if applicable).
    c. Be eligible to report the eCQMs in MIPS (if applicable).

You may generate a CEHRT ID for your EHR/s here.

CEHRT ID   [0015EWE9FCA13M5]   [CHANGE ID]

Your CEHRT ID is valid and certified for 2015 edition.

* Do all the MIPS eligible clinicians within the group eligible to receive automatic reweighting for the PI category of MIPS? Click on "View more" to view the list of clinicians eligible to receive automatic reweighting of the PI category of MIPS. View More   ○ Yes ● No ⌄

* CMS allows non-submission of PI data for groups whose application for Hardship Exception has been approved. Has the application for Hardship Exception for your group been approved? View More   ○ Yes ● No ⌄

* CMS provides exemption for reporting on the PI category and fewer reporting requirements in the IA category, if more than 75% of the clinicians (NPIs) billing under the group's TIN meet the definition of a non-patient facing individual MIPS eligible clinician during one or both of the 12-month segments of the MIPS determination period. Does your group qualify to be a non-patient facing group? View More   ○ Yes ● No ⌄

Questions Answered: 7 / 7   [CLOSE] [UPDATE]

AMERICAN ACADEMY OF OTOLARYNGOLOGY– HEAD AND NECK SURGERY
F O U N D A T I O N

Settings Questions Continued

As noted on the prior slide, answer the following questions accurately, to the best of your knowledge.

* Are you a group with 15 or fewer clinicians (NPIs) billing under the group's TIN during one or both of the 12-month segments of the MIPS determination period?
View More — ● Yes ○ No

* Is the area that your group is reporting from designated as a rural area by HRSA (Health Resources & Services Administration)? View More — ○ Yes ● No

* Select "Yes" if more than 75% of the NPIs billing under the group's TIN are designated as clinicians in a Health Professional Shortage Area (HPSA). View More — ○ Yes ● No

Questions Answered: 7 / 7   CLOSE   UPDATE

Promoting Interoperability

- The PI category requires manual entry/selection and attestation.
- As a reminder, the MIPS 2019 PI category requires the use of 2015 edition Certified EHR Technology (CEHRT). *If you need to apply for a **PI Hardship Exception** you have until December 31, 2019 to do so.*
- To review the changes to the PI category for MIPS 2019, visit the QPP website.
- Attestations
  - Mandatory (must reply "yes" to report PI category):
    - ONC Direct Review Attestation
    - Prevention of Information Blocking Attestation
    - Security Risk Analysis
  - Plus (can reply "yes" or "no" to report PI category):
    - ONC-ACB Surveillance Attestation

PI Category Attestations

Attestations   Attested: 0 / 4 ⊗

Note: To be able to report for the PI category of MIPS, you will need to attest as Yes to all the mandatory attestations.

1. PI_ONCDIR_1: ONC Direct Review Attestation *

I attest that I -   ○ Yes ○ No

(1) Acknowledge the requirement to cooperate in good faith with ONC direct review of his or her health information technology certified under the ONC Health IT Certification Program if a request to assist in ONC direct review is received; and;

(2) If requested, cooperated in good faith with ONC direct review of his or her health information technology certified under the ONC Health IT

Certification Program as authorized by 45 CFR part 170, subpart E, to the extent that such technology meets (or can be used to meet) the definition of CEHRT, including by permitting timely access to such technology and demonstrating its capabilities as implemented and used by the MIPS eligible clinician in the field.

2. PI_INFBLO_1: Prevention of Information Blocking Attestation *

I attest to CMS that I -   ○ Yes ○ No

(A) did not knowingly and willfully take action (such as to disable functionality) to limit or restrict the compatibility or interoperability of certified EHR technology.

(B) Implemented technologies, standards, policies, practices, and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the certified EHR technology was, at all relevant times:

- Connected in accordance with applicable law;
- Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted at 45 CFR part

- Implemented in a manner that allowed for timely access by patients to their electronic health information; and
- Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300jj(3)), including unaffiliated health care providers, and with disparate certified EHR technology and vendors.

(C) Responded in good faith and in a timely manner to requests to retrieve or exchange electronic health information, including from patients, health care providers (as defined by 42 U.S.C. 300jj(3)), and other persons, regardless of the requestors affiliation or technology vendor.

CANCEL   SAVE

In order to report the PI category you must reply "yes" to the first three attestations.

PI Category Attestations

Promoting Interoperability

CEHRT ID VALIDATION is based on the information provided in the Settings questions.

ATTESTED is based on your responses to the three required attestations.

F O U N D A T I O N

Now What?

- Meet with the Client Account Support (CAS) team to:
  - Get started with the MIPS 2019 module
  - Review and validate practice and clinician details, MIPS eligibility
  - Answer the Settings questions – *remember, these impact scoring!*
  - Review your Quality performance data and select measures
    - Continue to work on mapping and validating your measures on the *Pegasus* dashboard – *remember, measures must be under "Practice Review" or approved as "Operational" to show on the MIPS module*
  - Enter your Promoting Interoperability (PI) data
    - Run necessary report(s) in your EHR
  - Review the available Improvement Activities (IA) and select those that apply
  - For all categories, review estimated scoring based on data available and selections

AMERICAN ACADEMY OF OTOLARYNGOLOGY–HEAD AND NECK SURGERY

F O U N D A T I O N

And Then What?

- The performance period ends December 31, 2019
  - Review of Quality data will continue into January 2020 following data/dashboard refreshes
  - **Web tool practices** must complete all data entry by February 14, 2020
- Submission functionality will be enabled for Reg-ent participants that are paid in full through December 31, 2019
- Review and finalize data and selections
  - Review and sign Data Release Consent Form (DCRF)
  - Complete submission to CMS
- Reg-ent webinar in January 2020
