Senior Manager, Reg-ent Quality and Performance Measurement

Research and Quality (R&Q) Business Unit
Exempt

Reporting Structure:

The Senior Manager reports to the Director, Reg-ent Registry

Qualifications

Bachelor’s degree or equivalent experience required. Minimum of five years’ experience in healthcare or related environment; or two to three years of experience and a related master’s degree. Familiarity with quality measure development and stewardship, measure testing, data management, statistical analysis, and fundamentals of research methodology preferred. Understanding and knowledge of the health care industry, private and academic practice environments, and physician performance and quality improvement programs required. Attention to detail and follow-through essential. Demonstrated ability to meet deadlines and successfully multi-task competing priorities. Candidates with previous quality measures development experience will be given high consideration. Working knowledge of quality measurement, and Centers for Medicare and Medicaid Services (CMS) processes a plus. Some travel required.

Key Responsibilities

- Under the oversight of the Director, Reg-ent Registry, supports the development of quality measures for otolaryngology-head and neck surgery. Works collaboratively with the Director, Senior Manager, Reg-ent Registry in this regard.
